

PRODUCT DATA SHEET

Movement bead PVC
Screed
Item no. 3929

Status: 31.07.2026 | 21:50

Designation	Movement bead PVC Screed
Description	PROTEKTOR movement bead is characterised by its asymmetrical shape. The 95 mm high PE strip of the movement bead is elastic yet relatively dimensionally stable. This allows universal use of just one movement bead for different screed heights. It also reduces the amount of stock required. The asymmetrical movement bead also allows double installation, which ensures greater movement absorption of the screed. The asymmetrical shape of the movement bead enables clean and decoupled connections to other components. Function: • Asymmetrical movement bead for single or double installation • Clean connections to other components thanks to asymmetrical shape • Universal for different screed heights • Secure decoupling • Easy application
Product area	Concrete / Screed
Product category	Joint profiles
Product width	40 mm
Product height in mm	95 mm
Customs tariff number	39269097
Processing instructions	The movement bead is characterised by its asymmetrical shape. The 95 mm high PE strip is elastic yet relatively dimensionally stable. This allows universal use of just one movement bead for different screed heights. As a result, low stock levels are possible. The movement bead also allows double installation, which ensures greater movement absorption of the screed. The asymmetrical shape enables clean and decoupled connections to other components.
Opened label	Purchase only possible as full packaging units.

Item number	Length (cm)	Material	Packaging unit
110945	250.00	Hard PVC + PE strips	12 PCS / 12 BOX
